					Total estimate	

Dispute threshold per provider ($400 above that provider's estimate)

Provider 1, estimate	
Bill that may be disputed: at or above	
Provider 2, estimate	
Bill that may be disputed: at or above	

Disclaimers

This good faith estimate shows the costs of items and services that are reasonably expected for your health care needs for an item or service. The estimate is based on information known at the time it was created. It does not include unknown or unexpected costs that may arise during treatment, and you could be charged more if complications or special circumstances occur. Other items or services may be recommended that must be scheduled separately and are not on this estimate. This is not a contract and you are not required to obtain these services from the providers listed. If you are billed for at least $400 more than this estimate for any provider or facility, you may be able to dispute the bill through the patient-provider dispute resolution process, started within 120 calendar days of receiving the original bill. Keep a copy of this estimate. For questions or to learn more, visit www.cms.gov/nosurprises.
